TRANSFER OF ASSETS

3. Penalty Date—The beginning date of each penalty period imposed for an uncompensated transfer of assets is:

   X  the first day of the month in which the asset was transferred;
   ___ the first day of the month following the month of transfer.

4. Penalty Period - Institutionalized Individuals – In determining the penalty for an institutionalized individual, the agency uses:

   X  the average monthly cost to a private patient of nursing facility services in the agency;
   ___ the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized.

5. Penalty Period - Non-institutionalized Individuals – The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;

   ___ imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:
State: OHIO

TRANSFER OF ASSETS

6. Penalty period for amounts of transfer less than cost of nursing facility care -
   a. Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency:
      - X does not impose a penalty:
      - imposes a penalty for less than a full month, based on the proportion of the agency private nursing facility rate that was transferred.
   b. Where an individual makes a series of transfers, each less than the private nursing facility rate for a month, the agency:
      - X does not impose a penalty;
      - imposes a series of penalties, each for less than a full month.

7. Transfers made so that penalty periods would overlap -
   The agency:
      - totals the value of all assets transferred to produce a single penalty period;
      - X calculates the individual penalty periods and imposes them sequentially.

8. Transfers made so that penalty periods would not overlap -
   The agency:
      - X assigns each transfer its own penalty period;
      - uses the method outlined below:
State: OHIO

TRANSFER OF ASSETS

9. Penalty periods - transfer by a spouse that results in a penalty period for the individual -
   (a) The agency apportions any existing penalty period between the spouses using the method
       outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed
       against the spouse, and some portion of the penalty against the individual remains.

   (b) If one spouse is no longer subject to a penalty, the remaining penalty period must be
       served by the remaining spouse.

10. Treatment of income as an asset -
    When income has been transferred as a lump sum, the agency will calculate the penalty period on
    the lump sum value.

    _____ The agency will impose partial month penalty periods.

    When a stream of income or the right to a stream of income has been transferred, the agency will
    impose a penalty period for each income payment.

    _____ For transfers of individual income payments, the agency will impose partial month
    penalty periods.

    X _____ For transfers of the right to an income stream, the agency will use the actuarial value of
            all payments transferred.

    _____ The agency uses an alternate method to calculate penalty periods, as described below.
TRANSFER OF ASSETS

11. **Imposition of a penalty would work an undue hardship** —
   The agency does not apply the transfer of assets provisions in any case in which the agency
determines that such an application would work an undue hardship. The agency will use the
following procedures in making undue hardship determinations:

   Undue hardship exists when the application of the transfer of asset provisions would deprive the individual of
   medical care such that his/her health or his/her life would be endangered.

   When it is determined that an improper transfer of resources has occurred and the individual was unable to
   successfully rebut the presumption of an improper transfer, the individual is notified of the right to claim an undue
   hardship. The individual has the burden of proving that undue hardship exists:

   The agency will use the following procedures to determine if undue hardship exists:
   
   • The individual must provide a full written account of why undue hardship exists.
   • The individual must submit any pertinent documentary evidence such as legal documents, third party statements and/or medical evidence to support a claim of undue hardship.
   • The individual attempts to make the resources available by consulting with legal counsel and it
     has been determined that the resources no longer exist or that the cost of attempting to retrieve
     the resources exceeds the value of the resources.
   • A court of competent jurisdiction has determined that the resources are unavailable.
   • Individuals determined to be incompetent and who do not have another individual to act on their
     behalf, shall be referred to the county prosecutor or the agency’s own legal staff.
   • The agency will also refer the individual to the county's or agency’s own legal staff if it is
     determined that the individual’s private legal counsel is not acting in the individual’s best interest.

   Undue hardship does not exist when the application of the transfer of assets provisions merely causes the individual
   inconvenience but would not put him or her at risk of serious deprivation.
