DATE: May 18, 2018 (Revised June 25, 2019)

SUBJECT: Nursing Facility Encounter Guidance – Effective 7/1/2018 – Revised

This memo is being revised to remove the hospice room & board revenue center code effective July 1, 2019. Additionally, ODM has added the ventilator-weaning day revenue center code and linked to the NF Ventilator Program Fact Sheet that includes updated reimbursement rates for the program. The National Uniform Billing Committee official UB-04 manual has been updated as well.

Effective July 1, 2018, Medicaid Managed Care and MyCare Ohio plans must use the following revenue center codes for the purpose of identifying the Medicaid reimbursement for nursing facility room & board encounters as follows:

Code	Description	Reimbursement
0022	Room & Board – Medicare cross overs only	Med Max Logic
0120	Room & Board – Semi-private	100% per diem
0101	All-Inclusive Room & Board	100% per diem
0160	Room & Board – Other (this category is used by ODM to identify a short term stay of a waiver enrollee)	100% per diem
0169	Room & Board – Other (this category is used by ODM to identify a flat fee for a low acuity waiver enrollee)	\$115.00 per diem
0183	Therapeutic Leave Day – charges for holding a room while the patient is temporarily away from the nursing facility provider	50 or 18% per diem
0185	Hospitalization Leave Day – charges for holding a room while the patient is temporarily hospitalized	50 or 18% per diem
0189	Other Leave of Absence (this category is used by ODM to identify a leave day for a PA1/PA2 low acuity resident)	50 or 18% per diem
0192	Room & Board – Medicare cross overs only	Med Max Logic
0220	Flat Fee – PA1/PA2 low acuity covered day	\$115.00 per diem
0410	Ventilator-Weaning Day	https://medicaid.ohio.gov/Portals/0/Providers/ProviderTypes/LongTermCare/FactSheets/Ventilator.pdf
0419	Ventilator-Dependent Day	https://medicaid.ohio.gov/Portals/0/Providers/ProviderTypes/LongTermCare/FactSheets/Ventilator.pdf

These are revenue center codes from the National Uniform Billing Committee official “UB-04 Data Specifications Manual 2019”. All other revenue center codes used on Medicaid nursing facility encounters will be considered outpatient or for informational purposes only and not for purposes of Medicaid reimbursement for room & board.

Adherence to this guidance is required in order for ODM to properly set rates, forecast budgets, analyze quality and accurately submit federal reporting.
