Telephone outreach to participants continued in order to retain a high attendance in the project and at the *Care Partner Workshops*. We will continue to reach out to participants to drive attendance at the *Facilitative Leadership* online training as well as the *Dementia Beyond Drugs* training in Akron in December.

Lessons Learned and Adaptations

Due to low registrations for the original dates of the new *Dementia Beyond Drugs* training events, we rescheduled the events from August and have better registration numbers. The new dates are:

- September 25 – 26 in Columbus where we had 43 attendees and
- December 10 – 11 in Akron, where we have 58 registrations at this time.

We are continually reaching out to people to be sure that they know about all the training opportunities we are providing.
