SUBJECT: Approval of Request to Use CMP Funds

Dear Ms. Hogan:

Sections 1819(h)(2)(B)(ii)(IV)(ff) and 1919(h)(3)(C)(ii)(IV)(ff) of the Social Security Act incorporate specific provisions of the Patient Protection and Affordable Care Act pertaining to the collection and uses of civil money penalties (CMPs) imposed by the Centers for Medicare & Medicaid Services (CMS) when nursing homes do not meet requirements for long term care facilities. In accordance with 42 CFR § 488.433 and CMS Survey & Certification Memo 12-13-NH (effective January 1, 2012) States must obtain approval from CMS for the use of federally imposed CMP funds.

Our office has reviewed the proposal submitted by Proactive Medical Review for \$268,071.95 to implement a program titled *OH-0919-PMR-416, Nursing Facility Competency Certification*. The proposed training is designed to assist nursing facilities in meeting staff competency based training standards set by recent changes in federal nursing home requirements through a three-step, train-the-trainer initiative. Residents stand to directly benefit from each facility's efforts to implement key competency areas targeted by the applicant.

Based on our review, we find that the requirements at 42 CFR § 488.433 are met and that the proposal may be funded with federally imposed CMP funds.

If you have any questions regarding this decision, please contact Beth Karpiak at (312) 886-5209.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven Delich". The signature is fluid and cursive.
