FROM: Barbara R. Sears, Director

SUBJECT: October 1, 2018 Updates for Ambulatory Surgery Centers

Summary

This Medicaid Handbook Transmittal Letter (MTL) provides information pertaining to the adoption of the 2019 ICD-10 diagnosis code set used for Ambulatory Surgery Center (ASC) reimbursement under the Enhanced Ambulatory Patient Groups (EAPG) reimbursement methodology effective October 1, 2018. Providers are expected to use diagnosis codes that were in effect for the date of service.

These diagnosis code updates will not impact Medical Visit EAPGs as deleted diagnosis codes were replaced with new diagnosis codes that contained more specificity. The EAPG relative weights that were effective August 1, 2017 remain in effect.
