Ohio

Department of
Medicaid

Breast and Cervical Cancer Project

The Ohio Department of Medicaid and the Ohio Department of Health provide services and health care coverage to eligible women in need of treatment for breast and/or cervical cancer, including pre-cancerous conditions.

In addition to breast and cervical cancer screenings, other diagnostic services are available, including mammograms, pap tests, office visits, and biopsies. Case management services are also available.

After a screening, if diagnosed with breast and/or cervical cancer, or a pre-cancerous condition, Ohio Medicaid will provide coverage for treatment and health care if the individual is eligible.

For more information about the Breast and Cervical Cancer Project:

- go online at Medicaid.Ohio.Gov/BCCP,
- contact your County Department of Job and Family Services, or
- call the Ohio Department of Health at 1-844-430-BCCP (2227).
